

# Md Zuhaib

## Student

Seeking a data science or artificial intelligence internship to gain useful experience for upcoming projects. currently have a working understanding of this topic. In order to pursue further education and polish my skills so that I can create a project like ChatGPT, I want to perform research in either of them also.

## EDUCATION

### Btech in Computer Science and Engineering Maharaja Agrasen Insitute of Technology

08/2020 - Present

New Delhi

### Class 12

Andhra Education Society, ITO

04/2018 - 03/2020

New Delhi

### Class 10

Andhra Education Society, ITO

04/2016 - 03/2018

New Delhi

## QUALITIES

### Time Management

Very Good

### Problem Shooter

Very Good

### Puntual

Excellent

### Hard Working

Excellent

## SKILLS

Data Science(Beginner)

Machine Learning(Beginner)

Data Structures and Algorithms(Good)

Java(Good)

C(Good)

C++(Good)

HTML(Very Good)

CSS(Very Good)

## CERTIFICATES

### Machine Learning (01/2021 - 02/2022)

I completed the Coursera course to get knowledge in the AI/ML field and to begin my journey of gaining a basic knowledge of Data Science.

### Python Programming (03/2021 - 01/2022)

I completed the Coursera course to learn Python in-depth so that I can begin studying ML/AI or data science.

### Data Science (03/2023 - Present)

Data Science Course to gain the knowledge of Neural Networks, Database Mangement System and Tokens.
